

Donations Using MPF’s PayPal Account.

As the fiscal receiver for fundraising efforts by the individual or organization set forth on the signature line below (the “Fundraiser”), the Madison Parks Foundation (the “Foundation”) is pleased to offer the Fundraiser a link to the Foundation’s “PayPal” account to accept on the Fundraiser’s behalf online donations made to the Fundraiser.

For each donation made using the Foundation’s PayPal account, PayPal charges a flat charge of 30 cents plus 1.8% of the total donation, collected by PayPal upon donation. Therefore, each donation made by the Fundraiser’s donors using the Foundation’s PayPal account will be subject to this PayPal charge, which will be automatically deducted from the contributed amount. The balance will be credited to the Fundraiser’s account with the Foundation. Your donors will receive an immediate notification of their donation from PayPal, and a subsequent thank you note from the Foundation.

You will receive via email a “Donate Through the Madison Parks Foundation” graphic (see attached) to post on your website. This graphic will contain a link directly to the Foundation’s PayPal account. The instructions stated within the graphic describe the steps necessary to make the online donation and to earmark it for the Fundraiser’s specific project.

The cost to the Fundraiser to establish this service \$25.00 annually, which is payable by cash, check or wire transfer promptly upon the Fundraiser’s initial posting of the graphic and link on its website, and on each anniversary thereof.

The Foundation expressly disclaims all representation or warranties concerning the Fundraiser’s use of the Foundation’s PayPal account and concerning the Foundation’s continued eligibility to act as the Fundraiser’s fiscal receiver.
